SURFACE PREPARATION

Cleaning: Ensure to remove oil, grease and other loose materials. Use Degreaser MK 200 to remove the oil & grease and emery paper to remove the loose materials

APPLICATION DATA

Application Procedure:

- Shake the Aerosol container well every time before use.
- Open the outer cap and spray uniformly on the substrate.
- Maintain a distance of 20-30 cm between the substrate and spray nozzle.

Application precautions:

- While application ensure that surface temperature and air temperature are not below 10°C or above 45°C
- Stir the content thoroughly every time before use and close the container tightly after use.

Storage and Transportation:

- Do not store or transport the containers under direct sunlight or at elevated temperatures or near any fire hazard.
- Store the container in an upright position in order to avoid any leakage or damage

Shelf Life:

3 Years from the date of manufacture if stored in original tightly closed container and away from direct sunlight and direct heat.

Pack Size:

Available in 400ml spray cans
